Marine Safety Equipment Environmental Response Products

A full range of throw-overboard liferafts from 6 person thru 25 person capacity.

Our throw-overboard liferafts are installed on board all types of vessels in the Fishing, Cargo, Defence, Coast Guard, Offshore and Passenger Vessel industries.

A liferaft may be a person's last chance of survival. It is therefore manufactured with the greatest care and respect as to the situation in which it is likely to be used.

The basic material of VIKING liferafts is a strong webbing covered with natural rubber. An extremely advantageous feature of rubber is its elasticity. Elasticity is equal to flexibility which improves reliability in an emergency which the liferaft to be exposed to quite heavy loads during heavy seas.

*Shown with optional launching ramp

Key Features

- Transport Canada & SOLAS Approvals
- Full Size Range 6 25 person
- Highly flexible Natural Rubber and Acrylic/Silicone coated nylon fabrics
- · Oversize entry for fast and easy boarding
- · Inflates in a matter of seconds
- Global Network of Service Stations
- Available in Extended Service Intervals
- Packed in specially designed Fiberglass containers

Part no.	Description	Weight	Size (in.)
VK-6DK	Liferaft Viking DK+ 6psn APack w/cradle	187 lbs	45.5x22.1x24.7
